

34<sup>TH</sup> ANNUAL CONFERENCE OF THE  
STANDARD CELERATION SOCIETY

## Call for Papers - Diversity

The Standard Celeration Society excitedly announces the Call for Papers for the 2021 conference in St. Pete Beach, Florida! Individuals can submit their applications for proposals beginning **June 15th through August 15th.**

### BACKGROUND

I am the Chair of the Diversity and Inclusion working group for the Standard Celeration Society (SCS) and am pleased to be a part of the work that SCS is doing to demonstrate their commitment to promoting inclusive and equitable professional and educational environments for Precision Teaching. SCS is specifically looking for presenter(s), panelists, and poster submissions whose themes are related to diversity, inclusion, and equity for the upcoming conference in November. Please see below for details; feel free to contact me if you have any questions [diversity@celeration.org](mailto:diversity@celeration.org).

### CALL FOR PAPERS: DIVERSITY, EQUITY, AND INCLUSION

The 34th Annual Conference of the Standard Celeration Society takes place November 11-13 in St. Pete's Beach, FL and we are looking for several presenters and/or panelists who do work in the areas of cultural diversity, equity, and inclusion. Individuals whose identities and lived experience reflect the topic to be presented on (e.g., race, income, ability, gender, sexual orientation, neurotype, religion, etc.) are strongly encouraged to apply; we want to uplift the work of in-community members. Diversity-specific submissions do not necessarily need to include Precision Teaching specific content, although it certainly can! An honorarium will be provided to selected panelists. Support in covering conference expenses is also available based on financial need.
